Anniversary Issue

PROGRESS.

Today, Brisbane can proudly look back on two years of substantial progress. It's building and population is slowly and consistantly growing. The "Squatter" era is now ancient history, Brisbane is now taking it's rightful place alongside other Peninsula cities.

Probably the most important sign of progress, at least the most needed, is the signal lights being installed on Bayshore Highway and the old entrance to Brisbane. When the lights are turned on, it will be the culmination of several years work on the part of a few civic minded workers in our town. The ever present hazard due to the lack of traffie control, has, in the past, detered many persons from buying property in Brisbane.

Another sign of progress are the many new buildings which have added t o our business district. Among these are, the Krampert Building, Fountain of Youth, Westcraft Industries and the new U. S. Post Office. The Krampert Building houses six apartments and four new businesses. The Fountain of Youth is the oasis for our young and not so young, in search of fattening delicacies. Westcraft Industries is our only manufacturing plant and is owned and operated by Don Harford, a long time Brisbane resident. The Post Office at present, is rated Second Class. However, according to Postmaster Margaret Tann, the people of Brisbane may have a pleasant surprise in the near future. In addition to all these, there are now plans for several more buildings, among them the Memorial Building sponsored by the American Legion. It wont be long before the business district will be chaffing at it's bounds and will have to be expanded.

Home construction shows a definate upswing. Many new homes are now in various stages of construction and as materials become more available we may see a definate building boom.

One of the most accurate barometers to measure growth and welfare of a city, is the activity of it's churches. Brisbane churches are on the march. They all report a growing membership. The Church of the Nazarine has a new building, combining church and parsonage. The Bethel Baptist church has recently begun construction of an imposing edifice and parsonage. The Catholic Mission is contemplating the building of new quarters in the near future. While the First Baptist church has it's building, it is reported that the Church had it's most successful vacation Bible schoal in it's history. With the churches progressing and flourishing, it is a positive sign that our little city is definitely going ahead.

Visitacion Avenue - Looking East Toward the Bay
New Krampert Building on right.

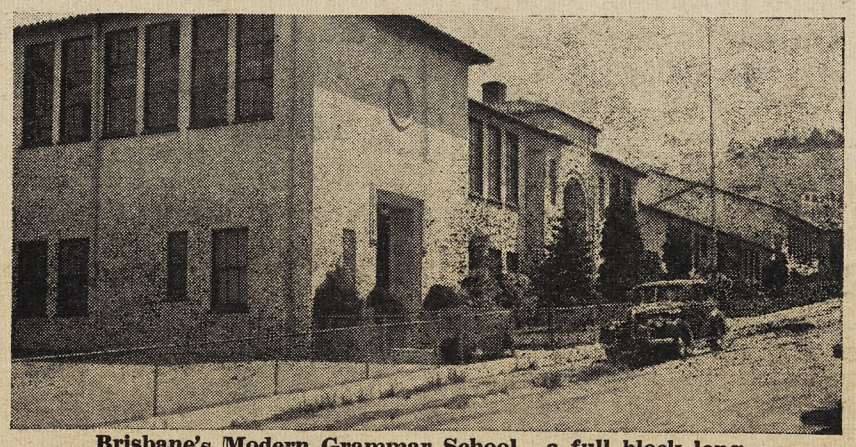
ANNIVERSARY ISSUE.

The NEWS BULLETIN is one year old this issue. In twelve short months we have grown from a single sheet, sponsored by the Chamber of Commerce, to a full fledged New Paper recognized throughout the Bay Area and distant cities.

We are justly proud of our accomplishment. As far as we know, the News Bulletin is the only Paper in the country which is non-profit; compiled and edited soley on spare time. With the continued growth of the town, the News Bulletin will naturally keep pace as the voice of Brisbane and eventually become a weekly newspaper.

This Anniversary Issue is being mailed to every resident of Brisbane as a compliment of it's regular subscribers.

The Editor and Staff take this opportunity to publicly thank all the individuals, organizations and merchants who have so willingly and unselfishly helped make this publication a success.



Brisbane's Modern Grammar School - a full block long.

School Registration.

Kindergarten .... First Grade
New Students

Registration will be held the opening day of School on September 10, 1947, starting at 8:30, in the School Auditorium.

All First Grade children who attended Kindergarten at the Brisbane School last year, go directly to the 1st Grade room across from the Kindergarten. **Bring Birth Certificate.**

According to **California State Law** all **First Grade and Kindergarten Students must** present a Birth Certificate either on the day entering school or within the first month of school. If a Birth Certificate is not presented they will be excluded from School.

Kindergarten pupils must be 4 years 6 months before September 1st, to be eligible for entrance. Date of birth must be before March 1, 1943.

First Grade Pupils must be 5 years 6 months before September 1st, to be eligible for entrance. Date of birth must be before March 1, 1942.

New Students bring transfer and report cards when registering.

If you do not have the necessary Birth Certificate for your child — you may secure a copy by writing to the City or County where the child was born and have it sent as soon as possible.

PROTECTION.

As our anniversary issue goes to press Brisbane is enjoying the best fire and police protection in its history.

Started in 1934 the fire department has developed into a well trained and equipped and wholeheartedly supported organization which is here to stay.

Things are not well in the Police Department. Already handicapped by the loss of his fellow officer, Felger, Deputy Sheriff Mullins is grimly carrying out his duties as Patrol Officer despite severe financial set-backs. Praised by shop keeper and home owner alike, this new enterprise, started in July, is being stymied by the lack of support in the concrete form of cash contributions.

It appears that unless the Police District petition is acted upon by the Board of Supervisors of San Mateo County in the board's September 9th meeting, Officer Mullin will be forced to abandon his patrol program. The decline in criminal acts and intents since July is evidence that some sort of police force is needed in Brisbane and that the loss of the present facilities will be sorely felt.

The acquisition of a new Dodge Pump Truck in 1946 is directly responsible for the decrease in damage by fire and water, Chief Lou Terry of the Fire Department contends.

This volunteer group has been schooled for two years in fire fighting under the tutelage of the chief and advisement of Captain Hayes of the San Francisco Fire Department in regular weekly meetings. This program will be continued with seven special classes under seven instructors to further advance the twenty volunteers in the best use of their three piece of rolling equipment.

The three home fires fought so far this year are maintaining the average of occurences, but the damage has been slighter and the time consumed in controlling loss in aggregate.

Captain Herb Tann now has an expert first aid and rescue crew which reports for all emergencies with the ambulance. The four men have been in constant training and have used their knowledge to ease suffering and prevent serious results from accidents many times since the ambulance was purchased in 1941. All members of the Department are undergoing similar training this year.

The three man Fire Commission, and the officers of this Department are studying the yet unsolved problems of adequate water supply and alarm system. The Railroad Commission has approved the specifications and plans for an increase in line demension and extents. The Commissioner's are working with the two water companies in ironing out the details. Contractors are being consulted for cost estimates for a twenty box alarm system.

GRAUBAUM PRINTING CO.

A CALL TO ACTION

By A. R. Adams, Pres. C. of C.

Recently, the writer discussed with many residents of Brisbane the possibility of incorporation, mentioning the needs of better sewers on the upper streets, street improvements and other subjects relative to the betterment of the town. In nearly all instances their statements were as follow: "I wish they would incorporate" - - - - "I hope they will get sewers- - - -", or "I wish this - or I hope that- - - -"; never once analyzing who "they" were. In most cases the speakers were in the dark as how to proceed; a few hoped to get something for nothing and a small minority were just talking.

If all these folks were really in earnest in their expressed views, it would be a lead pipe cinch, if they turned their words to action, to acquire anything we desire in the way of civic improvement.

For you that believe in the bright future of Brisbane and wish to participate in it's development; Here is your opportunity. Join and support your Chamber of Commerce. This organization is set up for the benefit of Brisbane only. It is not affiliated with any other organization under the same name but is soley a local organization devoted to the welfare of Brisbane. Join Now!

Incorporation Study Progressing.

The committe studying the advisibility of incorporation has made considerable progress during the last few months. Three important meetings have been held with more scheduled in the very near future.

Former Mayor Furlong of Belmont attended a recent meeting and explained the internal machinery of city government. He also enumerated the various sources of income of a corporation exclusive of direct taxes. The total income from these sources amount to a formidable sum. A careful study is required by a future council to develope income to it's full extent so as to ease the burden of the tax payers.

A sub committee called on Mr. Paul McCarthy, Attorney of Redwood City, who has been engaged to handle the legal part of the study. The attorney explained the procedure of incorporating and will make a report in the near future on the prospects of acquiring a larger aera to incorporate with Brisbane.

At the last meeting of the committee, ways and means were discussed to raise money to finance the incorporation, should the findings of the committee deem it advisable. It is estimated that $400.00 to $500.00 will be sufficient.

At present the outlook for incorporation is promising, inasmuch as the possibilities of income for operating a city is concerned. The committee is of the opinion that the town can acquire more territory coupled with the natural growth of Brisbane in the near future to aid the incorporation, thereby lessening the burden on the tax payers.

It has been pointed out quite forcibly to the committte that the success or failure of a city government depends of participation of the residents of that city. A municipal government is a benefit and joy to the people, only to the extent of their participation.

Bingo Party a Quarterly Event.

The American Legion Auxiliary are conducting Bingo parties every three months, helping to raise funds for the Memorial building which the Legion hopes to erect here in Brisbane. It is understood that the lots for the building have been purchased and ground breaking will start very soon. The parties are held at the Legion hall, 462 Alvarado Street. The next event will be posted and the public is cordially invited.

First Fall P. T. A. Meeting.

It has been announced that the first P.T.A. meeting of the season will be held at the School House September 25th at 2 P M. All parents and interrested parties are urged to attend. Mrs. Robert Parrish has been appointed "room-mother" Chairman for the insuing year.

Bible School a Success.

Rev. Edward F. Bennett, minister of the First Baptist Church, announced that the daily vacation Bible school which was conducted between August 11th and 22nd at the church was a great success. The average attendance was well over seventy per day.

Aid to Air Travelers.

Those who plan air trips, can be greatly aided in securing their reservations and tickets, by calling the Editor after 5 P. M., and on Saturdays and Sundays.

This is a free public service to the readers of the News Bulletin.

$10,000 Judgement Against Former Brisbane Man Is Upheld.

William Jonas, 53, a former Brisbane tavern owner, failed in Appelate court to have appealed a $10,000 Superior judgement against him for the 1942 shooting of John Vaughn, a San Francisco ship rigger.

Jonas, who at the time he shot Vaughn in an arguement over a pin ball game, was operating the Dick's Tower tavern at 2 Visitacion Avenue.

Vaughn, 36, was seriously wounded in the abdomen by the shot and required several blood transfusions in his battle for life.

The Brisbane Drug Store was at one time operated by Jonas. He was also interested in a real estate business.

LETTER OF THANKS.

We would like to take this opportunity to thank the many people of Brisbane who so ably assisted the Brisbane Fire Department in putting out the fire on our home, Saturday August 7th.

The Brisbane Fire Department did a splendid piece of work and thru their efforts, and the help of many other friends, were able to keep the fire under control.

We sincerely appreciate their help and would like to thank each one personally, but as we do not know all who helped we can only say "Thank you" in this manner.

WOMEN'S CORNER

by GLORIA

The pollen-dusted bees
Search for the honey-lees
That linger in the last flowers of September
While plaintive mourning doves
Coo sadly to their loves
Of the dead summer they so well remember.

George Arnold

To the bobbie-soxer impressing her first beau we pass along these hints on how NOT to act:

Don't: Overwhelm him, with fuss, feathers, jangles, bangles, and easy sociability.

Don't: Frighten him, with savage fingernails, too much make-up, sidelong looks a la Lauren Bacall. (Maybe you're not the type).

Don't: Bore him with dowdy or sloppy clothes, a martyred droop and anecdotes about Papa had the big house on Sterling place.

Don't sicken him with too many frills, bobbing curls, too tight sweaters, or baby-talk.

September is most important as the back-to-school month, and one of the ever-present problems for mothers is a variety of lunch box fillers to keep the growing youngsters interested as well as nourished.

For the best lunch container we suggest a metal box, preferably with a thermos bottle; it is dust-proof, sturdy and easily washed.

For a quick assembling of lunch in that early morning rush, why not clear a certain spot in your cupboard and outfit it with the lunch staples? Peanut butter, jam, spread cheese, cans of lunch meats, relishes, small jars with covers for applesauce, custards, jello, etc. could all go here. And don't forget wax paper, paper napkins, waxed bags, and a jar of creamed butter, easy to spread in a hurry.

The lunch box menu should be planned to include a substantial food, a fruit or vegetable, a simple dessert and a beverage.

Sandwiches are the best means of serving meat or other proteins, and should be carefully wrapped to preserve freshness. Good sandwiches for children are peanut-butter and jelly, chopped hard-boiled egg and minced ham, tuna fish with chopped lettuce, broiled bacon and tomato.

Vegetable soups are fine for cold days and can be kept hot in a small thermos. Salads, such as potato, or macaroni, are delicious and nourishing, but should not be included too often, as they conflict with the starch in the sandwich bread.

Simple desserts puddings, plain cookies, date or raisin cookies or sponge cake all make good meal-enders.

Chocolate milk, malted milk or hot chocolate will be a welcome change to the child who has to be coaxed to drink his milk.

Garden Notes

Now is a good time to pot bulbs-Freezias, narcissi, etc. for Christmas bloom. Most bulbs can be grown with success in pots, and planted this month will be at their best when we need indoor color the most; nothing is as refreshing as a fragrant spring bloom on a table diplay, in the midst of a rainy spell.

Some of your choicest plants - Rhododendrons, Azaleas, Camellias, etc. need special care this month. They are now forming growth for their next blooming period; do not let them dry out. Keep their roots moist and cool: a mulch of peat, leaves or manure is good.

Potted geraniums, Christmas cactus, poinsettas and other plants being grown for window color should be brought into slightly more heat.

Annuals such as godetia, larkspur, clarkia and baby-blue-eyes can be broadcast in the open ground, and sweet peas can be sown now for winter bloom. The life of perennials such as Anemone Japonica (windflower), campanulas and chrysanthemums can be lengthened by watering generously and keeping faded blossoms removed.

A few helpful hints for our busy housewife:

You can use white shoe polish on those faded or soiled venetian-blind tapes.

Muffin tins are fine for baking apples, stuffed onions or pepper; the tins keep them firm.

Don't hesitate to sew sequins on a wash blouse, sweater or scarf. Sequins can remain lovely through washing if washed with a mild soap, carefully rinsed, and pressed on the wrong side with a warm iron.

We are printing this poem for the many people who appreciate one of life's most precious gifts — an old friend:

OLD FRIENDSHIP.

Beautiful and rich is an old friendship,
Grateful to the touch as ancient ivory;
Smooth as aged wine, or sheen of tapestry
Where light has lingered, intimate and long.

Full of tears and warm is an old friendship
That asks no longer deeds of gallantry,
Nor any deed at all-save that the friend shall be
Alive and breathing somewhere, like a song.

HOME TOWN FOLKS

Mr. and Mrs. J. E. Vandiver are making their home in St. Augustine, Florida, where they plan to live for a while. As they are not selling their home here, we hope that means that eventually they will be back in our town.

Mr. and Mrs. W. C. Ross covered nearly 4,000 miles in two weeks on their vacation trip. They went East through Salt Lake City to Yellowstone, where they spent 3 days, back to Crater Lake National Park in Oregon, and south past Grand Coulee Dam. Coming back on the Redwood Highway they saw the famous Trees of Mystery. Home to Brisbane, but not to stay; after repacking their suitcases they "took off" for points South, visiting relatives in Santa Maria and Los Angeles.

Mr. and Mrs. Sherman Reynolds of Caliente, Nevada were week-end guests of Mr. and Mrs. Wm. Wipprecht a short while ago, and the party of four celebrated Mr. W.'s birthday by having dinner at the Chinese Sky Room and then "taking in" San Francisco, from the Top o' the Mark to the Sinaloa at the lower end of Powell Street.

Mr. Peyton Philley was the winner of a contest sponsored by the Rexair Co. He was the top Rexair dealer in the San Francisco area for the month of June. Prize of the contest was an all-expense-paid trip to Hollywood for himself and family. The trip took a week, and included a tour of Universal Studios where the Philleys visited many of the stars and watched some major pictures being produced. They went to the Hollywood Barn Dance, Ciro's, the Brown Derby, and spent two days at the Santa Monica Peer, where they swam in the daytime and listened to Spade Cooley's orchestra at night. They also spent a day in the famous San Fernando Valley.

The Daglers have installed a new Hussmann Refrigerated Vegetable case; it really keeps those vegetables garden-fresh and crisp.

Mr. and Mrs. George Naughton had a real two weeks' vacation, seeing Yellowstone National Park and going as far north as Great Falls, Montana, where they visited friends and relatives. On their way home they visited more "folks" in Grass Valley, and returned much more tired than when they left, but happy about the fun they had.

Mr. Charles (Chuck) May Jr., and Miss Geraldine Dorsett will be married Saturday August 30, at 9:00 A. M. at the home of Mrs. Wm. Byars, Miss Dorsett's sister. The couple will leave immediately afterward for a two weeks' honeymoon at Yosemite and Los Angeles. They will live in Brisbane on their return. Congratulations.

Mrs. Bernice Coffin left Tuesday August 26th for Idaho to visit her mother and relatives. Mrs. Coffin's Mother is celebrating her 28th Wedding Anniversary.

Mrs. M. Edmonds and son Dave With, have gone to Reno where Mrs. Edmonds will stay for awhile for her health. Dave will return to Brisbane in the near future.

Mr. and Mrs. Merle Van Kirk are building a new home at 281 Humboldt Road.

Mrs. Mildred Wilson of Sierra Point, daughter Shirley and son Ronald returned home from a two weeks' vacation in Oregon. Mrs. Wilson visited her Mother.

We are informed at this late date that Raymond Harper and Mardath Franks are among us married couples. Heard they tied the knot June 17th. They are at home at 350 Alvarado St. Congratulations and Good Luck.

Mr. and Mrs. Tom Priest are busy day and night remodeling their new home on San Benito Road.

A Birthday party was celebrated by Mike Parrish on his 8th Birthday, August 25th. The party was held in the afternoon when guests were entertained by listening to Story Book Records. Then out to the Patio where punch and the traditional ice cream and Birthday Cake were served.

Mike presented each of his guests with toy racers; then opened his gifts. Movies of the affair were taken. Mike's guests were: Jimmie Johnson, Billy Dixon, Jimmy Gallion, Jackie Kyle, Floyd and Delmar Scott.

Mr. Art Kennedy and Jimmy Johnson were guests at dinner that evening. Mike had a big day. The Parrish's live at 1100 Humboldt Road.

Mr. and Mrs. Clifford Gannon are busily engaged in building a new home on San Benito Road.

Mr. and Mrs. Alfred Pistohl and their daughters, Betty and Alfreda, spent a two week vacation at Blue Lake during August.

Mr. and Mrs. Fred Perazzo and family, formerly of Rio Dell in the Redwood Country, are newcomers to Brisbane. They are residing at 294 San Benito.

Pastor Arold Bernard and Mrs. Bernard of the Nazarene Church have been very busy entertaining guests from Iowa, Pasadena and Hawaii.

Miss Isabelle Smith and Bryan Stokes were married in the Melrose Baptist Church on August 2nd. Several Brisbane people attended the wedding and reception. Isabelle is a former resident of Brisbane.

Robert Geiss is attending the Nazarene Young Peoples' Institute in Santa Cruz.

Mrs. Denton, Marjorie Denton and Norma Moon will spend the Labor Day weekend in Los Angeles.

Small Boy (running by) "Mrs. Gull your house is on fire!" Mrs. Gull (jokingly) "Yes, and I just broke my leg." (moral of this story: believe small boys.) The house was on fire!

Jess and Vincetta Salmon have just returned from a weeks sojourn at Pinecrest.

Mrs. Roder upon returning from work at the Yellow Cab office found that some culprit had stolen the cushion from her coupe and miscellaneous tools also. The car was parked at the Brisbane Highway entrance.

Some relatives of Lou Terry surprised him on his birthday August 27 by giving a party for him at his home. The festivities were not marred by the sounding of the fire alarm, we are happy to report. Never the less, we understand, Lou kept his boots on.

Brisbane Hardware to be Closed Sundays.

Charlie Dixon, co-owner of the Hardware store, wants it to be known that the store will be closed on Sundays for the next two months. As Charlie stated, "It is only fair to our help that we give them all a much needed vacation, and besides, the hunting season opens soon".

WATER HEARING HELD.

Crocker Estate Bares Plans.

The hearing on the application of the Visitacion Water Co. before the Railroad Commission to authorize the execution of a mortgage on it's properties and facilities, extention of the boundaries of it's operatig area and for an increase in rates was held Aug. 6th at the American Legion Hall. Examiner McKall presided.

The first order of business was the proposed extention of the operating area. A protest was entered by the Crocker Estate, represented by W. F. Morton, Treasurer and Asst. manager and C. C. Kreis, attorney. Mr. Morton in his testimony, stated that the Crocker Estate is opposed to being included in any service area, at least not until their plans of developement of it's properties were fully completed. He went on to explain that part of the plans which currently being developed included a television and FM radio station atop the San Bruno mountains, 170 acres for industrial use in Guadalupe Valley and approximately 12 acres for home sites adjecent to Brisbane along San Francisco street. He also exibited a map showing tentative plans for future development.

Theodore Linde, co-owner of the Visitacion Water Co. replied that he was only interested in serving the homesites adjoining his present operating area and that he was not prepared to handle an industrial area. In a three cornered discussion between examiner McKall, Morton and Linde, Morton stated that it is possible that the Visitacion Water Co. will be authorized to install it's services when and where needed.

In the Water Company's plea it was stated that the Company was forced to buy water at an ever increasing amount and that it was forced to sell below cost.

The Brisbane Fire District entered the hearing when Louis H. Terry, Fire Chief announced that he had reached a tentative agreement with Visitacion Water Co. on the installation of water mains which would provide adequate fire protection. The backbone of the installation would be an 8 inch main up Visitacion Avenue to Klamath St. Chief Terry also stated that he is in negotiations with Clyde Henry, owner of the Brisbane Water Co. for the improvement of that system on Trinity, Tulare and Santa Clara Streets in regards to fire protection.

Mr. Linde announced that if permitted, he will start installation as soon as financing is arranged and materials are available.

Brisbane War Hero Cited Posthumously.

Grace Gull Receives Husband's Awards from General Clark at Presidio

Jimmie Gull, popular Brisbane resident who entered the Army at the start of the War, was posthumously awarded several decorations for bravery and gallantry in action at a recent ceremony at the San Francscio Presidio. General Mark W. Clark awarded the Bronze Star, the Purple Heart and other medals to Grace Gull, the hero's widow.

In making the presentation, General Clark commended Gull for the fearlessness, gallantry and heroism he exhibited in action. It was in the Battle of the Bulge that the late Brisbane man was mortally wounded.

We of Brisbane remember Jimmie and Grace Gull as the happy and congenial owners of the Gull Market, formally at Visitacion and Mendocino streets.

CUB NEWS.

Cub Scout Pack No. 134 will have another Field Day on Saturday, September 6, 1947, at 1 p. m. To be held at the Recreation Center. There will be baseball, races, games and refreshments. Your attendance will be most welcome.

Mr. Ermie Conway and Mr. J. Nations have joined the Cub Committee. Welcome fellows, good luck on your new positions.

Cub Master Don Williams is very proud of the baseball team. He says when the team gets more experience he will challenge the San Francisco Seals!

The Cub Pack is still in desperate need of Den Mothers. If anyone is interested they can get in touch with the Cub Master or any Committee member. Cub Pack No. 134 is a growing Pack. We've had a splendid year so far and are looking forward to a bigger and better Pack. We cordially extend an invitation to the people of Brisbane to attend the Pack meeting on the last Friday of each month.
